Structure, Governance and Management

Governing Document

Brigham Young University Limited is a limited company and a registered charity. The Charity is governed by its Memorandum and Articles of Association which were last amended on 4 July 2012.

Appointment of trustees

As set out in the Articles of Association, new or additional directors (trustees) are to be appointed by the shareholder (Brigham Young University), providing such persons are willing so to act either to fill a vacancy or as an additional trustee.

The shareholder will also determine the rotation and time in which trustees are to retire. Currently no term is fixed to the term served. Trustees shall not be less than two, or more than three in number. The shareholder may, from time to time, vary the minimum or maximum number of directors.

Trustee induction and training

New trustees undergo an orientation day to brief them on their legal obligations under charity and company law; the content of the Memorandum and Articles of Association, the committee and decision making processes; the business plan and recent financial performance of The Charity. During the induction day they meet key employees and other trustees. Trustees are updated and advised on legal issues by Withers Solicitors.

Organisation

The board of trustees administers The Charity. The board meets at least twice a year. Reports are received in or around each September for the following financial year for approval by the trustees. In or around March each year a financial report is presented for the previous year.

The trustees monitor progress throughout the year and other trustees meetings are held as and when required.

Related parties

The Charity's parent company is Brigham Young University, a corporation incorporated in the state of Utah, United States of America. The ultimate holding company and controlling party is The Corporation of the Presiding Bishop of The Church of Jesus Christ of Latter-day Saints, a corporation incorporated in the state of Utah, United States of America.

Structure, Governance and Management (continued)

Employees

The Charity has the policy of ensuring that its employees are those that are able to meet the necessary requirements of their position and are up to date on any developments required for their position. This is achieved in a variety of ways:

- Applications for new positions in The Charity are invited from anyone with the relevant qualifications, the key emphasis is on their ability to meet the requirements of the position although the application form does request the applicant to mention if they have any illnesses or medical condition which the employer would need to be aware of in order to make reasonable adjustments should they be successful.
- The Charity utilises regular staff meetings during the year which help to ensure that the employees' input is received regarding any decisions which affect their interests. In addition there are websites and e-mail facilities available to enable more effective communication and training. This helps to ensure that employees receive systematic updates on matters concerning them as employees and ensures their involvement in relation to the financial and economic factors that affect the performance of The Charity.
- In addition to the above points, The Charity is mindful of the need to cater for those with disabilities. Where any employees become incapacitated during their employment they are entitled to receive long term disability benefits from The Charity. Where an employee becomes disabled but not incapacitated the employer will make any reasonable adjustments necessary. On training and career development issues, there is no distinction made between disabled and non-disabled employees. The same opportunities are available to all staff, irrespective of disability. The key emphasis is on technical ability of each employee.

Principal risks and uncertainties

The main risk the Charity faces is that it primarily relies on donations from its parent company to finance its charitable activities. However, the parent company has guaranteed its future financial support, where necessary, to ensure that the Charity has sufficient reserves to meet the costs of its charitable activities.

Financial risk and management

The following statements summarise The Charity's identified forms of financial risk and management policies:

- Price risk – Salary costs are communicated to staff during the formal annual review of salaries. Prices of materials purchased are subject to contracts with suppliers, based on current market prices.
- Liquidity risk – The Charity has no long-term borrowings. Assurances of continuing financial support have been received from the parent company.
- Interest rate cash flow risk – The Charity is able to place surplus funds on short term deposit with the company's bankers.

The trustees have a risk management strategy which encompasses:

- an annual review of the risks The Charity may face;
- the establishment of systems and procedures to mitigate those risks identified in the strategy; and
- the implementation of procedures designed to minimise any potential impact on The Charity should those risks materialise.

for the year ended 31 December 2014

Objectives and activities

The objective of the Charity is:

- To promote and further the educational and other charitable work of Brigham Young University in the United Kingdom or elsewhere

To achieve this objective the Charity continues to operate the Study Abroad Program from the premises at 27 and 29 Palace Court, London, W2 4LP. The Charity's premises continued to be managed on a day-to-day basis by Alvaro and Thais Magalhaes during 2014.

Due to its educational work, The Charity is registered with the Department of Education and Skills. It is also a member of the AASAP-UK (American Association of Study Abroad Providers).

Each semester, different Brigham Young University ("BYU") students travel to London. A number of single discipline and interdisciplinary programs of study are offered, including courses in English, sociology, ancient scripture, history, language, literature, art and theatre. Students who complete these courses successfully are awarded credits which are counted towards their degree at BYU.

Any BYU student is able to apply to attend one of the study abroad programs provided they are willing to live the University's honour code. In addition, students from other universities who meet BYU's academic standards and who are willing to live by BYU's code of conduct are welcome to apply for, and if accepted participate in BYU's study abroad programs. Typically, 8 to 10 percent of the participants are from Universities other than BYU. Because the program tends to be oversubscribed, students are then selected on the basis of their academic merit and strengths that they could bring to the program.

The Charity is committed to providing access to students across the socio-economic spectrum, and admittance to the program is determined without regard to the financial position of the applicant. Both BYU and The Charity are committed to providing quality education to the best and brightest, regardless of their financial or class background. Many BYU students are recipients of Pell Grants - US federal grants that are awarded to US students based on their family's financial situation. A high percentage of Pell Grant recipients have family income of under \$40,000. BYU itself, in addition to federal government grants, offers a wide range of financial aid, grants and scholarships to students. These grants and awards, which are means tested, enable students from less wealthy families to attend the University.

Around 30% of BYU students receive some form of financial aid and the financial aid from BYU can be used for the study abroad program. The proportion of students receiving financial aid mirrors the proportion of BYU students and admissions to the study abroad program, as to the University, is on a needs-blind basis. Further study abroad grants are available to BYU students on a "needs basis" to help them cover the additional cost of studying abroad in order to enable students from a wide range of financial backgrounds to participate in the study abroad program regardless of the students' financial circumstances.

Objectives and activities (continued)

The Charity is an equal opportunities organisation and is committed to a working and studying environment that is free from any form of discrimination on the grounds of colour, race, ethnicity, religion, sex or disability. The Charity makes reasonable adjustments to meet the needs of staff and students who are or become disabled.

Students and faculty live at the two impressive Victorian town-houses (one a former embassy) on Palace Court in west-central London.

Public benefit

The trustees have read and given due regard to the guidance on public benefit published by The Charity Commission in exercising their powers and duties.

Achievements and performance

Education

The Charity is established for the advancement of education for the public benefit. This object is achieved by the provision of lectures, classes, seminars, educational field trips and cultural activities to the visiting students and lectures and educational events for the local community.

The Charity's programs provide an educational environment that is designed to promote the academic and cultural development of its students. It is administered from the BYU campus by the Office of International Study Programs (ISP). In 2014, ISP sent a total of 493 students on programs to the United Kingdom, of which 118 attended programs based at the Charity's premises. For students enrolled on the programs at these premises, the Charity receives enrolment fees from BYU.

Brigham Young University Limited
Report of the trustees
for the year ended 31 December 2014

Financial Review

The Charity was funded in 2014 almost entirely by contributions from BYU. Each year the trustees carry out a detailed review of The Charity. They review the previous year's achievements and review and approve the budgets for next year.

Charitable expenditure increased in 2014 primarily as a result of costs incidental to the remodelling project and also from the depreciation charge on the assets transferred from the parent company. Net income for the year decreased from the prior year because the majority of the funding sent from the parent company to cover the remodeling was sent as a contribution in 2013, causing a large net income in 2013 of £1,340,623.

Investment powers and policy

Under the Memorandum and Articles of Association, The Charity has the power to invest in any way the trustees deem to be in the best interests of The Charity. There were no investments during the year.

Reserves policy

The trustees have established the level of reserves (that is those funds that are freely available) that the charity ought to have ready access to. Reserves are needed to bridge any funding gap between spending and receiving resources. The reserves policy is reviewed on an annual basis. The actual reserves at 31 December 2014 were £2,361,957. A designated reserve was created for the value of land and buildings donated by BYU in the USA and does not represent income available for other purposes or projects.

Brigham Young University Limited
Report of the trustees
for the year ended 31 December 2014

Trustees' responsibilities in relation to the financial statements

The trustees (who are also directors of The Charity for the purposes of Company Law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under that law the trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company Law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period.

In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the Charities SORP
- Make judgements and accounting estimates that are reasonable and prudent;
- State whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy, at any time, the financial position of the charitable company and enables them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees confirm that:

- so far as each trustee is aware there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all the steps that they ought to have taken as trustees in order to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

In preparing this report, the trustees have taken advantage of the small companies exemptions provided by part 15 of the Companies Act 2006.

On behalf of the trustees

Independent auditor's report to the members of Brigham Young University Limited

We have audited the financial statements of Brigham Young University Limited for the year ended 31 December 2014 which comprise the Statement of Financial Activities (including income and expenditure account), the balance sheet, the accounting policies and the related notes.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and its members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditor

As explained more fully in the Trustees' Responsibilities Statement set out on page 10, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 December 2014 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent auditor's report to the members of Brigham Young University Limited

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
- the trustees were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report or in preparing the Trustees' Report.

Brigham Young University Limited
Accounting policies
for the year ended 31 December 2014

The financial statements are prepared in accordance with applicable accounting standards in the United Kingdom and in accordance with the Statement of Recommended Practice (SORP), Accounting and Reporting for Charities 2005. A summary of the significant accounting policies which have been applied consistently, are:

Basis of accounting

The financial statements are prepared on a going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006. The parent company has guaranteed its future financial support, where necessary, to ensure that The Charity has sufficient reserves to meet the costs of its charitable activities.

FRS 18

The trustees have reviewed the accounting policies and confirmed that they are the most applicable.

Cash flow statement

The Charity has taken advantage of the exemption from preparing a cash flow statement conferred by Financial Reporting Standard No 1 on the grounds that it qualifies as a small company under the Companies Act 2006.

Incoming resources

Donations are received from the company's parent company, Brigham Young University to provide funds for the company's charitable activities and to ensure that the company has adequate reserves. These donations are received as cash and are separately disclosed in the statement of financial activities and income and expenditure account.

Resources expended

Resources expended comprise expenditure on charitable activities and governance costs. Costs are either specifically identified or apportioned on an appropriate basis between charitable activities and governance costs of the charity.

Charitable activities expenditure comprises the direct costs related to the achievement of the charitable objectives and an analysis of these costs are provided in note 2.

Governance costs are those costs that relate to activities which provide the governance infrastructure which allows the charity to operate and to generate the information required for public accountability.

Expenditure is recognised on an accruals basis.

Liabilities

Future liabilities are recognised when the charity has a legal or constructive financial obligation, that can be reliably estimated and for which there is an expectation that payment will be made.

Tangible fixed assets are depreciation

Individual fixed assets costing £6,000 or more are capitalised at cost. Depreciation is provided on all tangible fixed assets, other than freehold land and assets in the course of construction, at rates calculated to write down each asset to its estimated residual value evenly over its expected useful life, as follows:

Freehold buildings	50 years
Building improvements	25 years
Furnishings and equipment	10 years

Pension contributions

The Charity is party to a defined benefit scheme operated by The Church of Jesus Christ of Latter-day Saints (Great Britain), the Deseret UK Benefit Plans (see note 17). The fund is valued every three years by a professionally qualified independent actuary, with rates of contributions payable being determined by the actuary. In the intervening years the actuary reviews the continuing appropriateness of the rates. Pension costs are accounted for on the basis of contributions made during the year or accrued at the year-end (i.e. on a defined contribution basis), as required by Financial Reporting Standard 17 "Retirement Benefits" in circumstances where The Charity cannot identify with any degree of accuracy its share of the scheme assets and liabilities. The Charity provides no other past retirement benefits to its employees.

Full details of the plan are provided in the financial statements of The Church of Jesus Christ of Latter-day Saints (Great Britain).

Fund accounting

Funds held by the charity are:

Unrestricted funds - which can be used in accordance with the charitable objects at the discretion of the directors.

Designated funds - set aside by the directors out of unrestricted funds and are not available for other purposes or projects.

17. Pension and other post employment commitments

The Charity participates in a pension scheme operated by The Church of Jesus Christ of Latter-day Saints (Great Britain), the Deseret UK Benefit Plans ("The Plan"). The scheme is of the defined benefit type and is funded by contributions from the participating companies and their employees at rates determined by independent actuaries in the light of regular valuations. Such contributions are held in trustee-administered funds completely independent of group finances. Full disclosure of the valuation is shown in the accounts of The Church of Jesus Christ of Latter-day Saints (Great Britain).

The Charity has accounted for the scheme as if it was a defined contribution scheme because it is not feasible to split the assets and liabilities of the scheme between all the companies whose employees are members. Contributions to the scheme for the year were £16,192 (2013: £16,500).

18. Future finance

Brigham Young University has confirmed that it will continue to provide funds to support the Charity's future activities.
